Chinese Teams Clash With 25th Infantry

Travelers Will Meet Schofield Team on Saturday Afternoon at Barracks—All-Chinese Will Play Wyman's Men at Athletic Park Sunday Afternoon—Interesting Contests Looked for When Rival Teams Meet

The 25th Infantry baseball team is a great week-end. Last week the Schofield aggregation played one game on Saturday and another one on Sunday, and strange to say lost both contests, causing someone to remark that they are truly week-enders. They are scheduled for two more week-end contests again this week. On Saturday they will meet the Chinese Travelers at Schofield, and on Sunday afternoon they stack up against the fast All-Chinese at Athletic Park.

The colored soldiers have two interesting contests before them, and it behooves the men to get out and practice before the struggles, as both opposing teams will be reinforced. Captain Lal Tin will have about the same line-up which defeated the soldiers on last Saturday and the organization shaped up as one of the fastest teams appearing here this year.

One thing that was especially pleasing to the fans was the manner in which the Travelers played their game. It was inside baseball from start to finish and their work showed a polish that is not noticeable on every team this year. It is true that they made a number of wild heaves but their work in the main was good.

The feature that has made the Travelers favorites in the games to date has been the work of Kekoa. Apau had done most of the pitching on the trip, and Kekoa did not figure to stop the local teams, but in both games the tourist pitcher proved to be up to the mark, and his good showing will naturally make the Travelers a favorite when they meet the Schofield team.

Waterhouse May Start.
There is a saving around the Barracks that Waterhouse is the one man who can win against the Chinese Travelers, and the tall heater may be sent against Lal Tin's stars on Saturday. Then again, Ted may be on the mound.

mound. The 25th team cannot be cast aside as having no show against the two teams. They have played good ball this year and they have played ball that was very much of color. But they have a dangerous bunch of hitters at all times, and their fielding has been up to standard in most games.

Johnson, Rogan, Willis and Crafton are apt to break up a game at any time, and had it not been for fast fielding on the part of En Sue in last Saturday's game Johnson would have had two four-ply swats to his credit. One thing that the Schofield players have done this year that has caused favorable comment is the injecting of "pep" into their games.

The Travelers have not yet played a Sunday game here, but some of the stars will appear with the All-Chinese on Sunday. Lal Tin and Apau may be stationed at third and short which should strengthen the All-Chinese organization. Luck Yee and Hoon Ki are the pitching selections, with Kan Yen behind the plate. Lang Akana and En Sue in the outfield will make a strong combination.

Baseball fans were surprised when the All-Army defeated the 25th, and they were startled when the Portuguese slammed the Schofield players in the dust. Now the conquerors of the colored soldiers will meet on Sunday afternoon, and there is much discussion as to which team will bring home the bacon. York, Judd, Dixon and Armstrong played great ball in their last game, and should make things interesting for the P. A. C. Williams may be on the mound against the All-Army and the Portuguese say that they will storm the forts and go ahead of the service men in the percentage column. The Saturday game at Schofield will begin at 2:30, and the first game at Athletic Park is scheduled for 3:30 on Sunday afternoon.

Rules Changed In Basket-ball By Committees

Basket-ball is one sport where there has never been a universal opinion regarding the interpretation of the rules. The A. A. U., the greatest athletic body in the United States, has favored a certain code, while the Collegiate Athletic Association has interpreted the rules differently and has also made new rules for the floor game. Then again the Y. M. C. A. has ideas on the playing of the game. The three organizations have joined together and at a meeting last week in New York committees of the associations interpreted the new rules for basketball this year.

The bulk of the revised rules were taken from the Collegiate code, but several suggestions made by the A. A. U. were incorporated in the rules. These included permission to shoot for the basket after a dribble, holding one hand behind the back on a jump ball, and playing an extra period to decide a tie instead of playing for one extra goal. It was decided also to prohibit centers from playing a ball a second time at the face-off until it had been played by some other member of the team.

Here is a list of the more important of the new changes in the basketball rules. Players should cut this short table out and paste it in their notebook.

- Rules Condensed.**
1. Roughing a player who is in the act of shooting gives opponents two free throws (goals also count if made).
 2. It is a foul for a player to come in bodily contact with either of two players who are in a scrimmage, but he may snag the ball away.
 3. (Running with ball) A player who receives the ball while standing may in throwing for goal take one step and then jump without fouling. A player who changes his position without materially advancing the ball is not considered to be running with the ball. A player pushed by an opponent is not considered as advancing the ball. When running he may "stop as soon as possible" and then play the ball as though he had been standing still.

OAKLAND TO MAKE BID FOR NAVAL TRAINING STATION, RUMOR SAYS

In view of the appropriation to be asked of Congress by Charles R. Forbes, superintendent of public works, for the completion of harbor extension and improvement in this and other island ports, news that Oakland's waterfront is being bettered is interesting.

An article in the San Francisco Examiner says the center of interest in Oakland really circles is now upon negotiations for property on the southern waterfront, adjoining the recently completed quay wall where ships of ocean going draft may dock in direct communication with the railroad.

Following the opening of the Oakland municipal dock, the factory sites available for present use in that locality have been closely watched for developments and although there are no large deals yet recorded, it is reported by several real estate firms negotiations are going on for many transfers of this property.

The recent address of United States Senator James D. Phelan, at a banquet of the Oakland Chamber of Commerce, has had much to do with turning the eyes of the industrial communities about San Francisco bay on the Oakland waterfront.

According to Senator Phelan the United States is even now considering the location of arsenals and armament factories in that section of the country. It is also the senator's opinion that a great naval training station should be located on the Pacific coast. Oakland claims consideration in the plans of the government; and points to her now deep-water harbor as proof of her adaptability.

DUNDEE OFFERED BOUT WITH JOE MANDOT

NEW YORK, N. Y., Dec. 9.—Johnny Dundee, the New York lightweight, received a wire yesterday from Tormentor and Burns, New Orleans promoters, offering him a 20-round match with Joe Mandot. The promoters intend to stage this fight as a prelude to the big scrap that will be held there during Mardi Gras week.

Scotty Monteith, manager of Dundee, said that he would probably accept as soon as he learns the terms.

BECKETT CHOSEN TO LEAD OREGON TEAM

EUGENE, Ore.—John Beckett, Oregon's great football tackle, was unanimously chosen captain of the University of Oregon football team for 1916. Beckett has made a remarkable record this year and is conceded to be the strongest tackle in the Northwest, if not in the entire country.

SIX CLUBS NEXT YEAR IN NORTHWESTERN LEAGUE

SEATTLE, Wash.—The Northwestern Baseball League will be composed next year of Vancouver, Seattle, Tacoma, Spokane, Butte and Helena. No effort will be made to place clubs in Victoria or Aberdeen.

25TH INFANTRY FOOTBALL MEN BEGIN TOURNEY

Next Game Will Be Drawing Card With Chinese Baseball Contest

(Special Star-Bulletin Correspondence)
SCHOFIELD BARRACKS, Dec. 9.—The series for the 25th Infantry football championship opened yesterday afternoon with an exciting game between A and I companies. A company won by a score of 24 to 13.

Both teams put up a splendid clean game and afforded much amusement and excitement to a large crowd of rooters.

I Company played with their line opened out more than is usual, and left many vulnerable points open to A Company's strong offense. On the other hand Anderson and Harris, two of I Company's backs, are two of the speediest men in the regiment and are always members of the track team. They got away speedily and made several thrilling runs. Harris ran the full length of the field for a touchdown. Davis made the other touchdown for I Company on a forward pass.

On the A Company team Burns was the principal ground-gainer and made three of the four touchdowns. Williams made a long run on an intercepted forward pass.

In the line big Carolina of A Company was something of a wonder. Carolina puts the 16-pound shot 42 feet, and put some of his opponents almost as far.

Company A	Company I
J. Ward	Left end
Carolina	Left tackle
L. Ward	Left guard
Taylor	Center
Davis	Right guard
Chaplin	Right tackle
Owens	Right end
Williams	Quarterback
G. Butler	Left halfback
Burns (Capt.)	Right halfback
Sims	Fullback
Touchdowns—Burns 3, J. Ward, Davis, Harris.	
Goal from touchdown—Riff.	
Referee—Corpl. Stafford, Company C.	
Empire—Private Murphy, Company D.	
Head Linesman—Private Johnson, Company K.	

The next game will be on Saturday afternoon between B and F companies, and a lively contest is anticipated, as these companies have two of the strongest teams in the regiment. The game will be held at such an hour as not to interfere with the baseball game between the 25th Infantry and the Traveling Chinese. The baseball game is scheduled to begin at 2 p. m.

JIMMY BRITT JOINS THE WAR.

NEW YORK, N. Y.—Jimmy Britt, former lightweight champion, joined an Australian regiment several weeks ago and is now en route to the Dardanelles. Letters received by Britt's friends said he caught the war fever while doing a vaudeville turn in Australia.

Coach Jack Moakley of Cornell University never starts an athlete in two races of over 220 yards on the same day. John Paul Jones was the exception to this rule.

Arlie Latham has given up his delicatessen store in New York city to accept some of the Ward's easy money managing one of their teams in the Colonial league.

Harry Melim, captain and quarterback of this year's McKinley eleven, will take examinations for entrance into the United States Naval Academy at Annapolis soon.

Fred Carter, who played end on the McKinley high school squad, has joined the National Guard team and had his first scrimmage on Saturday against the 2d Infantry team.

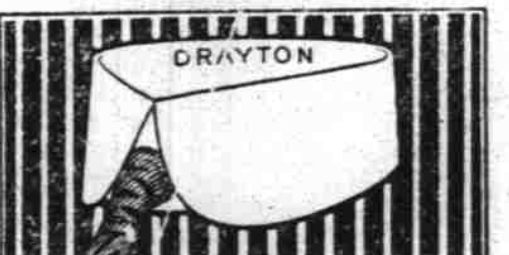

The football players at Moffitt had plenty of padding, but they didn't have it on the right place. If the present aggressiveness continues plans will be made to have padding on the eyes and on the jaw.

The Chinese Travelers have demonstrated in their first local game that they have taken advantage of the coaching given them by McGraw and Mack, and in the initial contest showed some great inside baseball.

It took the tennis ranking committee three weeks to decide between Johnson and Williams. They could have had an answer from California or Honolulu in three minutes, giving them the Johnston. Honolulu tennis devotees were unusually pleased when the Star-Bulletin announced the ranking on Saturday.

Bernie Boland, Tiger pitcher, predicts that Lee Fohl will be a success as manager of the Cleveland Americans. "Fohl was manager of the Akron team when I broke into professional baseball," says Boland. "He is one wise fellow. I think he knows a ball player about as well as any manager in the business, and for one, I will be surprised if he doesn't make good right through the season."

While Mercersburg academy loses several of its star athletes by graduation, yet the popular preparatory institution nestled in the mountains of eastern Pennsylvania will still be rich in athlete material. George Meredith,

Honolulu Swimmer Annexes Most Records Under Auspices of A. A. U. This Year—Ludy Langer Makes Great Showing in Long Distance Swims—Norman Taber and Fred Kelly Break in on New Records—Marks Made at San Francisco Not Allowed by Amateur Union

Records given out by the A. A. U. place Duke Kahanamoku in the lead in swimming and also give him the largest number of records for his year. Duke is credited with five marks while the leading athletes of the United States in other sports have to be satisfied with two and three marks. Goulding leads in walking by a big margin, and Norman Taber is given credit for his fast mile at Cambridge. The official records to date are:
